

TRUCKLOAD SOLUTIONS

Handling full capacity loads with ease.

JTS offers supply chain solutions for full trailer capacity loads with the utmost in flexibility and safety. We work hard to exceed your unique business needs by leveraging a variety of reliable transportation options to handle the movement of goods anywhere in the U.S. and Canada.

Longevity and experience you can trust

A third-party logistics provider, licensed property broker, licensed ocean freight forwarder and NVOCC, JTS has been in business since 1971, so you can depend on our experience, financial strength and soundness.

Service excellence with personal attention

We provide friendly, personal attention 24/7 as we respond to your questions and any issues that may arise. Our team of experts help protect your shipments and simplify the process with every load you entrust to us:

- Monitor all pick-ups, convey loading instructions.
- Maintain contact with carriers to confirm your freight arrives safely and on-time.
- Negotiate the best carrier rates possible to increase your profitability.
- Support and enforce your seal policies.
- Simplified billing, claims filing and processing.

Customized, multi-modal freight options

If you want your bulk freight to arrive as quickly as possible, and at a competitive price, let JTS help coordinate your shipments via our Full Truckload service. Whether you need dedicated dock-to-dock, port-to-port, or dock-to-port solutions, your goods are sent directly with no handling en route, so the risk of damaged goods is greatly minimized.

Our **Perishable** division understands your fresh food shipping requirements. Since 1971, our experienced team has been handling temperature-sensitive commodities, using 53-foot temperature-controlled trailers and food-grade tankers.

Our **Non-Perishable** division offers several trailer options, including 53-foot dry vans, flat beds, step decks and curtain side trailers.

Only qualified carriers move your shipments

You can trust that only qualified carriers are moving your freight. Our Carrier Relations team pre-qualifies all carriers before loading:

- Verify operating authority and carrier insurance.
- Check safety ratings and references.

As a CargoNet member, we track fraudulent activity in the marketplace to safeguard your freight from theft and fraud.

- Won *Best in Cargo Security Award 2018* (Mid-size Broker)
- Won *Best in Cargo Security Award 2016* (Small Broker)

Continuous development and investment in technology

At JTS, the evolution of technology is always moving forward. We make investments to offer the most advanced features possible.

As a value-added benefit of partnering with JTS, we offer our cloud-based **arriviture®** TMS, **arriviture®**, to our customers at no cost. The system is powered by MacroPoint®, project 44®, SMC3®, CLOUDFLARE®, Atmosera®, PCMiller®, DAT®, and Microsoft® Azure™.

TRUCKLOAD SOLUTIONS

Customers gain instant access and visibility into their logistics communications any time, any where. Users can get instant rate quotes, enter new orders, track shipments, consolidate shipments, run analytics reports, manage shipping documents and view invoices for Truckload, LTL and Intermodal; International freight can also be traced.
