**FOR IMMEDIATE RELEASE**

**JTS Awarded 2024 “Quest for Quality Award” in the Intermodal Marketing Companies Category**

**Fresno, CA – August 14, 2024** — JTS (Johanson Transportation Service), a premier third-party logistics provider, announces that they have been awarded the prestigious Logistics Management 2024 “Quest for Quality Award” in the Intermodal Marketing Companies category. The award recognizes companies in the transportation and logistics industry, highlighting customer satisfaction and performance excellence. JTS had the second highest score based on the publication’s list of critical service criteria. This is the first time JTS has received this honor.

What makes the “Quest for Quality” Award unique is that it is determined exclusively by the readers of Logistics Management—buyers of logistics and transportation services who work with carriers and service providers daily. For the past 41 years, their annual evaluations and feedback have identified the top performers in the industry.

The full list of “Quest for Quality” Award recipients are featured in the August 2024 issue of Logistics Management.
